SD32W

High-efficiency for mining and more

Engine model: Cummins NTA855-C360S10

Rated power: 235 kW/2000 rpm

Operating weight: 38 t

Product features

The third largest among Shantui's powerful lineup of heavy-duty dozers, the SD32W is a beast that really rocks in tough working conditions such as rocky or frozen earth environments. It comes with a rock-type blade and tracks giving it the nimbleness it needs to perform with great efficiency when adapting to such harsh conditions. It is one of our best-selling models for mining uses. It comes equipped with a hydraulic drive system with hydraulic control technology and an advanced structure, which provides reliable performance and convenient and flexible operation.
